

## YOUR PREFERRED MANUFACTURER OF PLYWOOD BOXES

GEP has a broad variety of overflow and storage boxes, in all dimensions, for all kinds of export removal packaging and storage.

- The GEPbox is made out of waterproof plywood of 9, 12 or 18 mm (3/8", 1/2" or 3/4"). The boxes are nailed and not stapled.
- The wooden frame is made out of heat treated wood in accordance to the ISPM15 regulations.

Overflow boxes can be delivered to the Benelux within 24 hours, to Germany within 48 hours and to the United Kingdom, France and Italy within 72 hours. All other destinations upon request and within acceptable timeframes.
