## GEP Plywood Crates

We build all our crates to be durable: to withstand repeated shipping and rough handling under all but the most extreme weather conditions. We use waterproof plywood for protection and a heat-treated wooden frame for strength and rigidity. **Our motorcycle crates are suitable for shipping most types of motorcycles.**

### Specifications

- stable, tested construction
- made from waterproof plywood 9, 12, 18 mm or 35 mm wood (3/8", 1/2" or 3/4", 1 3/8")
- withstands rough handling
- framework made out of heat treated wood
- in compliance with ISPM-15 regulations
- brand stamped with our IPPC number: BE55.637 HT
- easy to assemble by nailing
- flat pack for convenient transport

## GEP Motorcycle Crate

### Secure Protection

- Strap hooks in the bottom
- Braces around the tires
- Close-fitting frame

### Reinforced Bottom

The GEP motorcycle crate is consisting of a **reinforced bottom** of an 18 mm (3/4") plywood sheet or 35 mm (1 3/8") with wooden boards.
